## The 11th Step Prayer

### Prayer of Saint Francis

Lord, make me an instrument of your peace.  
Where there is hatred, let me sow love  
Where there is injury, pardon  
Where there is doubt, faith  
Where there is despair, light  
Where there is darkness, light  
Where there is sadness, joy.  
O Divine Master,  
Grant that I may not so much seek  
To be consoled as to console  
To be understood as to understand  
To be loved as to love.  
For it is in giving that we receive  
It is in pardoning that we are pardoned  
It is in dying that we are born to eternal life.

### AA MORNINGS

On awakening let us think about the twenty-four hours ahead. We consider our plans for the day. Before we begin, we ask God to direct our thinking, especially asking that it be divorced from self-pity, dishonest or self-seeking motives. Under these conditions we can employ our mental faculties with assurance, for after all God gave us brains to use. Our thought-life will be placed on a much higher plane when our thinking is cleared of wrong motives.

Be content with what you have, rejoice in the way things are.  
When you realize there is nothing lacking, the whole world belongs to you. ~Lao Tzu

# WE ARE NOT A GLUM LOT

After the husband's fifth trip to the host's bar for refills, the wife said, "Aren't you embarrassed to go back so many times?"

Hubby: Nope. I keep telling them it's for you.

An alcoholic walked into a bar and saw a sign that read "All you can drink for \$1.00.

The alcoholic said "I'll have \$2.00 worth please"

YOU MIGHT BE AN ALCOHOLIC

IF...You're fond of the saying "It's 5 o'clock somewhere."

You don't lose your car keys-- you lose your car.

The stranger you wake up with is not the same sex as s/he was the night before.

You know what the barrel of a gun tastes like.

You're telling the truth when you say "I don't recall."

You consider beer to be the Breakfast of Champions.

You wake up to blue lights in the rearview mirror.

You think the pill bottle warning label "ALCOHOL MAY INTENSIFY THIS EFFECT" is a serving suggestion.

When the doctor advises clear fluids, you drink vodka.

The song that best describes your mornings is "Whole Lotta Shakin' Goin' On."

Rule #62: Don't take yourself too damn seriously!

# MEMBER SUBMISSIONS

The following are stories submitted by our members

## I Get Drunk, We Get Sober

In August of 1986 I checked into a Care Unit in San Francisco. My wife drove me to the hospital. It was my idea to go, but when we arrived she had to threaten me with homelessness to make me stay. I'd been drinking steady for about seven days, and hadn't slept the last two. I just drank. My blood alcohol level was .3. Toxicity is between .3 and .5, but most alcoholics can withstand levels that could kill a normal drinker. Once I was safely in the hospital, my wife called an old friend and drinking partner, Gene R. Gene used to put away a liter and a half of vodka every night until he ended up sitting on the floor of his apartment staring at a handful of barbiturates. But instead of eating them he had phoned a friend. He had six months sobriety when he came to see me in the hospital. Gene became my first AA sponsor. A few years later we were talking about our sobriety and I thanked him again for his help in the beginning. "I should be thanking you," he said. "I needed you as much as you needed me."

In 1935, Bill Wilson, a New York stockbroker, had less sobriety than Gene when he stood in the lobby of the Mayflower Hotel in Akron, Ohio trying to decide whether to hit the bar or not. He was alone, he had ten bucks on him, and the business that had brought him to Akron had gone to hell. At the other end of the lobby there was a church directory. Bill paced back and forth between the bar and the directory. Finally, he went to a pay phone and began calling up churches. He was looking for a prospect, another alcoholic, like himself but still drinking, whom he could talk to. After several calls, Bill was put him in touch with a proctologist named Bob Smith:

In my first conversation with Dr. Bob, I bore heavily on the medical hopelessness of his case, freely using Dr. Silkworth's words describing the alcoholic's dilemma, the "obsession plus allergy" theme. Though Bob was a doctor, this was news to him, bad news. And the fact that I was an alcoholic and knew what I was talking about from personal experience made the blow a shattering one. You see, our talk was a completely mutual thing. I had quit preaching. I knew that I needed this alcoholic as much as he needed me. [As Bill Sees It p. 257]

Bob didn't get sober immediately. In fact, not long after his visit with Bill, Bob went to a medical convention and got drunk again. But that was his last taste of alcohol. Fifty-one years later, when Gene came to visit me in the hospital, he was doing the same thing Bill had done with Bob. Together, Bill Wilson and Bob Smith went on to found the fellowship of Alcoholics Anonymous. Last year, in June of 1990, my wife and I moved to Reno, Nevada. I was four years sober. For the first few months I questioned the way AA operated in Reno. It seemed the more meetings I attended; the more I missed my AA meetings back in the Bay Area. I'd go to meetings in Reno and complain: "You people don't know how to have meetings." Luckily, AA's are pretty tolerant, even in Reno. Nobody ever bothered to correct my opinion. After a while I realized there wasn't really anything wrong with the Reno fellowship; I was just homesick. I started going to more meetings and got involved with AA work at the Northern Nevada Correctional Center in Carson City. I had to rediscover that the best thing for an alcoholic when he's feeling sorry for himself is to help another drunk. And in the process I've grown to appreciate Reno style AA.

The above story was written in 1991 by Skip M. and submitted by Mike C. It is the first in a 10 part series that will continue in the coming issues of the Bracer. Stay tuned for more.

### \$2 in the Basket Campaign

I've never written an article for the bracer before but I feel strongly about the issue that I'm writing about, so here we go.

I got sober a little over 24 years ago in Reno and at that time members who attended meetings, and could afford it, were putting \$1 in the basket. Here it is 24 years later and their still putting \$1 in the basket. I know I've paid attention. I also know the cost of living has gone up in the last 24 years and all of us are making more money now, probably because were sober and a member of AA. Sometimes in AA, I think we do what we due out of habit or because we see someone else do it, so we think that it's what we should do. [ \$1 in the basket - clapping at meetings- whatever ]

Yes its true, times are tuff, however, not as tuff as they were when we were out there drinking. If we are truly grateful for our sobriety we should take some positive action. I'm asking that the positive action we take in showing our gratitude is by starting to put \$2 in the basket, if we can afford it, and I believe most of us can.

For your information, in the Reno area Special Events, Round Up - Spring Festival etc. have been taking up the slack financially in supporting Intergroup, Area, GSO etc. I believe the groups should be fulfilling that role. The groups are YOU. If each of us, who can afford it, started placing \$2 in the basket I believe we could truly become self supporting through our own contributions. The cost of attending Special Events might even be reduced and we wouldn't have to worry about the bills being paid.

So in closing, I'm asking you to think about what I have said and if you can afford it, start this positive action today. It would sure be nice to have a positive prudent reserve at the intergroup level to start with.

Yours in Service

Pete Litano

# NNIG BUSINESS MEETING MINUTES

## Old Business

Treasure continuing to assess an accurate prudent reserve.

## New Business

- Additions regarding the Activities Chairperson as a voting member to the Steering Committee and adding the Webmaster duties and responsibilities to the Operating Procedures were distributed to the NNIG representatives to discuss with their home group.

Meeting adjourned at 8:05 PM

## NNIG Business Meeting - November 1, 2011

Meeting was called to order at 7:00pm with the Serenity Prayer. The NNIG preamble was read by the Chair. There was a motion to approve last months minutes. AJ made the motion Dan S. seconded, unanimously carried.

**NNIG Chairperson Report: (Van D.)** - NNIG Business Meeting minutes are one month late when reviewed by the IG Representatives. I have discussed this with the Steering Committee and we want to publish the current minutes with the current Bracer. This is real time information. You will have more time to read and evaluate the content and any changes/revisions will be discussed at the following NNIG business meeting and corrections made in the following months Bracer.

- **Central Office Holidays:** There are nine recognized holidays in the calendar year. This month we will recognize Veterans Day on Nov 11<sup>th</sup> and Thanksgiving and the following day on Nov 24<sup>th</sup> & 25<sup>th</sup>. Central Office will contact the Answering Service Chairperson to ensure this service is covered.
- **Central Office inventories:** Mile wide and inch deep inventories is not an efficient method for supporting groups; it is difficult to maintain adequate stock levels. We are going to reduce the diversity of our inventory and have a never out list for high demand items. Special items can be special ordered. Cost effectiveness is realized via EOQ buys and providing consistent supplies.
- **Positive Acceptance Group** referenced a statement in the Intergroup Representatives Suggested Guidelines that Central Office will not stock non A.A. approved literature. Thank you for pointing this out. This is an error. As stated in the NNIG Operating Procedures (Section 12.5.5) Central Office carries both A.A. Conference approved and Non Conference approved Literature. The IG Suggested Guidelines is in error and will be corrected.

**Vice Chair Report: (Paul E.)** On Oct 29th an effort was made to clean out the storage unit which is used by Central Office, some committees and District 16. The contents were inventoried and items organized by groups/committees. Donated shelving made it much easier to organize the contents and identify unwanted items.

- **Committees that work with outside entities.** We work in cooperation with those entities. Last months addressing of the body by a non member was in error and should not have occurred. In the future we will be more careful to catch these things as they occur. A Class A Trustee may, on occasion, address the NNIG Body. Tradition Six applies.

**Secretary - (Mary Pat Z.):** The goal to get the NNIG minutes out early is on track. The goal is to begin distributing NNIG business meeting minutes within the week of the

meeting.

**Treasurer Report (Danny S.)** - The monthly profit and loss was reviewed. Please take back the contributions sheet to your group so that they are aware how important the group contributions are to Central Office. Your group and the contributions they make to NNIG are listed. The section of the operating procedures specifically, the directive of the treasurer, was read aloud with regard to the prudent reserve. The Activities 'event budget' is not counted in the operating budget or the prudent reserve.

- **Material Requests:** It is requested that items listed on handout go back to groups. Call Central Office if you have any of these items available to donate. We only take donations from alcoholics.
- **Treasurer and Central Office:** Things are going great and we're making a lot of progress.

**Central Office Report: (Leslie S.) – Executive Director of Central office**

The office utilized 119 volunteer hours, total of 11 volunteers, received 225 calls, cleaning up back room, training volunteers and working to improve on customer service. We can always use volunteers.

**Central Service Committee Reports:**

**Answering Service: (Steve M)** – There is an opening for the Wednesday and Thursday 6-9 shift. This can be split, one person on Wednesday and one on Thursday. Answering service is operating fine. If you are available and want to get into service, please call Central Office at 355-1151.

**Public Information: (Mike C)**

Attended "One Day on the Streets" a homeless benefit at Paradise Park, set up a table and handed out A.A. literature from 10:30 to 12:30. Also attended a recovery picnic at Cottonwood Park in Sparks, again A.A. literature was distributed.

- Took some books, (Big Book, Living Sober, 12 & 12) to the library and social services
- This committee needs volunteers and funding.
- There seems to be some confusion regarding who should provide PI with funding for PI supplies, literature, etc.

**CPC: (Noel W.)** - Met 9/18 with the Drug Court, Alternate Sentencing Chief and Director of Drug Diversion program in Carson City – Douglas County. Discussed

attendance by court ordered attendees and limitations of anonymity on court cards.

- **Training 10/27:** A.J. (Sunshine Committee) and I met with UNR medical students for their reports, discussed sponsorship, the importance of helping other alcoholics by 'carrying the message' and the concept of powerlessness in the recovery process.

**Corrections, Treatment, Bridging the Gap: (Judy M.)** – Thanks for all of the donations. Donations to the pink can are sporadic and we appreciate the donations that have been regular. We have been able to spread out further and provide for more people. Craig and I will be meeting to make the transition as Craig will be the new treasurer for Pink Can funds, corrections and BTG.

- Big thanks to Judy for her **years** of excellent service being the Treasurer and Literature Chairperson for the CT& BTG committee.

**Treatment: (Craig)** I apologize for my absence during the past couple months. I will be taking over the Treasurer and Literature chair position from Judy.

**Sunshine Committee: (AJ C.)** – We have 75 people participating, volunteers are always welcome. We make announcements at most meetings. During October there were 12 visits by committee members. All of the visits were on-site vs. telephone visits.

**Bracer: (Ted G.)** – The October edition was mailed little late, my apologies. This month's issue will have both October and November minutes. Always looking for stories and articles. The deadline for submissions is the last week of each month. We are trying to pare down the issue to curb costs of printing and postage. E-mail

[nnigbracer@gmail.com](mailto:nnigbracer@gmail.com)

**Speaker Meeting: (Pete L.)** During the last Speaker Meeting the 7<sup>th</sup> tradition equaled \$217.92, the raffle \$333.00, the total income was \$550.92. Expenditures for the Speaker Meeting were \$652.00 resulting in a loss of \$102.08.

- A night drop has been established for the Speaker Meeting drop right after the meeting.
- Cindy B from Carson City will be the speaker for November.
- Dr. Tim will be the speaker for December.
- We are trying to rotate local and out of town speakers to off set losses with profits.

**Activities Chair (Dan M.)** - The Halloween Event was successful and made a little profit. Dan will have a full report next month.

- The Gratitude Dinner committee is in need of volunteers. The next meeting is November 3 at 5:30pm at Central Office.
- Committee is looking for donations for raffle prizes for Gratitude Dinner. Please call Ann M. @ 775-815-2859 with your donations. Seats and tables are still available for the Gratitude dinner November 19<sup>th</sup> at Circus Circus.
- New Years Eve committee will be meeting at Central Office on November 15 @ 5:30pm.
- New Years Eve dinner tickets go on sale the Monday (Nov 20<sup>th</sup>) after the Gratitude dinner.

**Web Master (Ollie K.)** - Clubs (Triangle, Driers, etc.) is not affiliated with AA. Would like to add some banner or disclaimer to the web site informing visitors.

**Northern Nevada Area 42 Liaison (Roger H.)** – NAGSC's meeting is scheduled for December 4<sup>th</sup>. I have been tasked to do a report for NAGSC on Central Office.

**ANNYPAA (Greg Stephens)** – Elections for IDYPAA Bid Chair 11/20/2011 3:30pm at R.T.C. upstairs.

- Zombie Prom was a rousing success. Do not have numbers yet.

### **Old Business**

- **Webmaster:** Vote was taken regarding adding the Web Master to the operating procedures and passed without opposition.
- **Activities Chair:** Vote was taken regarding adding Activities Chair to Steering Committee. After the vote, there was the hearing of minority opinion from Pete L. Opinion was that it was not clear why a committee chairperson would be added to the Steering Committee when the members of the steering committee are individuals and the Activities Chair represents several committees. Several suggestions were made to have the

Activities Chair be part of the steering committee although not be allowed to vote. After discussion, a vote was again taken and the result was 15 in favor, 11 opposed, 2 abstentions. Intergroup representatives will take the discussion / issue back to the groups. The issue was tabled and will be addressed at the next NNIG meeting. Van D. says that is an excellent example of the group's conscience.

**New Business:**

- **Committee Meetings at Central Office:** It was suggested to hold some NNIG committee meetings at Central Office as a cost avoidance rent issue. Pete L. suggested that we check with the insurance company regarding coverage in the event of liability issues. Van & Leslie will take this for action.
- Need help with pagination / formatting for the revised NNIG Operating Procedures. Joseph volunteered to assist.

**Meeting Closed:** Danny S. moved that the meeting be closed, Mindy 2nd, unanimously carried. Meeting adjourned at 8:21 PM in the usual manner.
