Old Business

By-laws / Operating Procedures were updated and added to website.

New Business

Proposal by member to bring A.A. meetings to Nevada Cares Campus. Proposal came with an MOU and a requirement of a general liability insurance of \$1,000,000 from Washoe County. Steering Committee discussed the value A.A. would have on the homeless nevertheless this proposal has many conflicts with our Traditions and By-Laws of NNIG, therefore it was not approved. Further discussion suggested a pamphlet rack for the campus through CPC or PI.

Steering Committee is committed to doing outreach.
